STATINTL

Dear [REDACTED]

I have reviewed the transcripts of [REDACTED] and STATINTL have had the opportunity to interview her personally and I am pleased to inform you that her record, both academic and career, and her motivation clearly recommend her acceptance for the Foreign Service Economic Studies beginning January 15, 1968.

We will be very pleased to have [REDACTED] in the January STATINTL class and as soon as your Agency has returned the enclosed STATINTL formal application for training, we will send to [REDACTED] two or three texts which she may well find advantageous to look over prior to the beginning of the course if her time STATINTL permits.

[REDACTED] has been considered against a rigorous standard of admission and I feel that you have nominated a very fine candidate for our January program.

Sincerely,

Warrick E. Elrod, Jr.  
Chairman

Division of Economic and Commercial Studies

Enclosure.
